SUBJECT: Approval of Retroactivity
BEAUTIFYSJ CYCLE 4

**SUBJECT: APPROVAL OF RETROACTIVITY IN THE AGREEMENT FOR
BEAUTIFYSJ CYCLE 4**

In June 2013, the City Auditor released an audit report entitled "Consulting Agreements: Better Enforcement of Procurement Rules, Monitoring, and Transparency is Needed." (City Audit Report No. 13-06.) Recommendation No. 4 (Audit Report pages 16-17) involves limiting retroactive agreements to situations where contract execution is in process. The audit report states that when a City employee informally authorizes work before execution of the agreement, the employee commits City funds not within his/her authority to commit.

The Department of Parks, Recreation and Neighborhood Services is seeking authorization for the retroactive provision to pay for services in the following agreement.

The justification for the requests detailed below that are to include a retroactivity provision is that the agreements were competitively procured and either:

- Its execution was already in process when the services started.
- The services responded to an *immediate* threat to public health, safety, or property.
- The manner of compensation doesn't involve a commitment of City funds.
- The consultant/contractor provided a letter stating that the City isn't obligated to pay for any services it provided if the contract/amendment isn't executed.
- Starting services protected or advanced the following significant City interest:
If this option is selected, explain the City interest and how the services protected/advanced that City interest.

The BeautifySJ Grant provides opportunities for neighborhood groups to build community, conduct beautification projects in public spaces, and organize neighborhood activities and events. The mission of the BeautifySJ Grant Program is to support residents' efforts at reclaiming their public space and to empower residents to demonstrate their pride in our City by making aesthetic improvements in their neighborhoods and communities. The BeautifySJ Cycle 4 neighborhood groups were qualified through the 2022 BeautifySJ Funding Opportunity, and meet all entry criteria.

The Department understands that retroactive agreements are to be avoided. However, in this instance, BeautifySJ Cycle 4 procedures had been underway when staffing transitions created delays in coordinating with the BeautifySJ Cycle 4 fiscal agent. Based on the need for additional staff support, retroactivity of the agreement was unavoidable.

The Department requests an exception be made and the agreement detailed in this memorandum be allowed to proceed with retroactive clauses. The Department acknowledges the process was out of City contract compliance and will monitor future agreements to prevent this oversight in the future.
